April 29, 11:33 AM

Planning on throwing your Cinco de Mayo party on home turf? For a blend of authenticity and creativity, check out the following items as winning snacks to include in your party menu to accompany the margaritas and sangria:

- \* Hand Made Style Corn Tortillas by Santa Rosa-based [La Tortilla Factory](http://www.latortillafactory.com) ([www.latortillafactory.com](http://www.latortillafactory.com)): these gourmet tortillas made with whole grain are soft, chewy and very flexible, making them easy to stuff or roll. have a wonderful aroma and fresh off the griddle flavor. Have all three varieties on hand: Yellow Corn, White Corn and Chipotle (our favorite – the spiciness adds flavor without dulling your taste buds and the pink color is very festive).
- \* Rudolph's Cinnamon Churros ([www.rudolphfoods.com](http://www.rudolphfoods.com)): This trans fat free snack (pictured above) should be labeled "addictive". They're the crispy and feather-light version of the traditional Spanish dessert that's served at fairs and sporting events.
- \* Pepe's Tradicional Chicharrones ([www.rudolphfoods.com](http://www.rudolphfoods.com)): In addition to churning out those addictive sweet Churros treats, the Rudolph factory also produces "Chicharrones", crispy and crunchy pork rinds in BBQ, traditional and spicy Picante flavors.
- \* Mrs. Renfro's Salsa ([www.renfrofoods.com](http://www.renfrofoods.com)): Exciting new bottled salsa offerings include Pomegranate, Pineapple and Tequila varieties. Perfect consistency and full-bodied flavor makes them an excellent choice for chip dipping.
- \* French Meadow Bakery Hemp Tortillas ([www.frenchmeadow.com](http://www.frenchmeadow.com)): Hemp is hot and French Meadow Organic Bakery now offers Hemp Tortillas, using this "wonder crop" to create a hearty, delicious and protein-rich tortilla perfect for frying into chips or using for quesadillas.
- \* Tumaros's Gourmet Tortillas ([www.tumaros.com](http://www.tumaros.com)): There's nothing boring about the flavor of these "Healthy Flour Tortillas", with Pesto Garlic, Jalapeno & Cilantro, Garden Spinach & Vegetables, and Chipotle Chili & Peppers among the exciting flavor combinations you can use for wrap sandwiches.
